

GOLD RUSH

Solve the clues, find the gold, beat the clock
– catch Gold Fever!

Visiting the most scenic spots around the Wakatipu Basin, some accessible only by 4WD, clients will solve the cryptic clues and navigate their way around the basin to discover the lost gold as well as discovering the fascinating history of the pioneering gold miners of the region.

- Clues are a mixture of map reading, orientation, logic, cryptic and general knowledge
- Teams are required to play tactically to win
- Deciphering the clues will lead participants to remote scenic areas around the Wakatipu Basin, steeped in pioneer gold mining history

There will be opportunities to leave the vehicles and complete physical challenges as part of the day. This will encourage the players to get out of the vehicle and interact with the local environment. The Nomad guides are there to drive the vehicles and explain the sights they are seeing but not to give assistance in solving the Gold Rush clues.

HALF DAY OPTION:

- Can include a 4WD driving challenge
- Combine with other activities – jetboating, helicopters
- Price includes: all clues, tailoring, vehicle, guides and refreshments
- Also includes equipment: maps, compasses etc.
- Minimum 8 pax

"I just want to say again how much I appreciate your flexibility and efforts as a company, that really makes it great to work with you. I know it would be much easier to simply do your tours as you have them and it would be a lot less work for you, but your ability and willingness to custom design the Gold Rush is awesome."

- Adrian Risely
CORPORATE Adrenalin
